

Define your problem statement

What problem are you trying to solve. Frame your problem as a how might we statement. This will bethe focus of you brainstorm.

5 minutes

How might we analyze the predict the diseases.

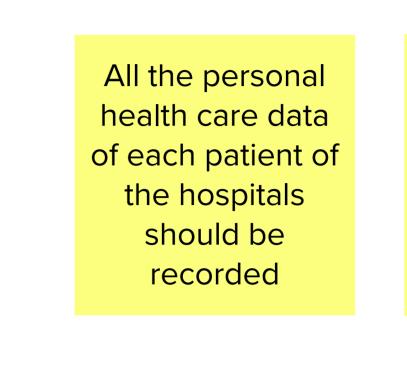

Brainstorm

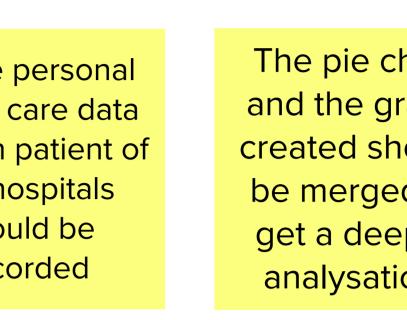

Write down any ideas that come to mind that address your problem statement.

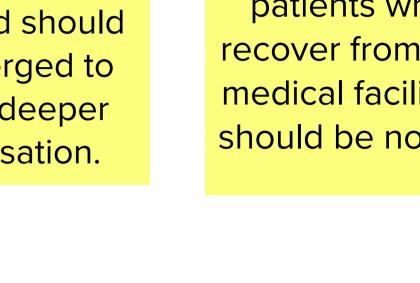

① 10 minutes

Jailakshmi

Madhumitha

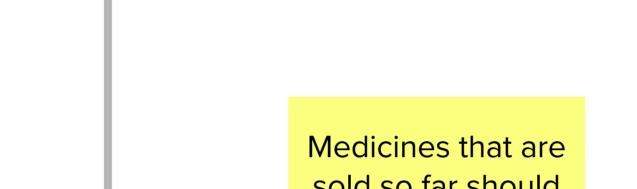

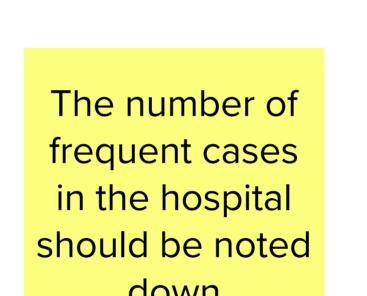

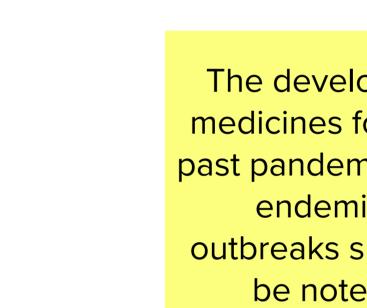

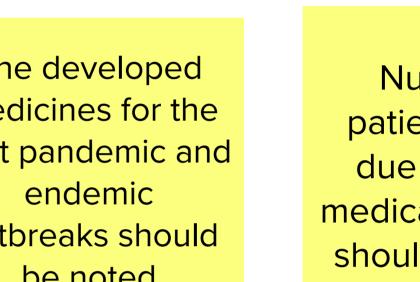

Abhirami

Janani

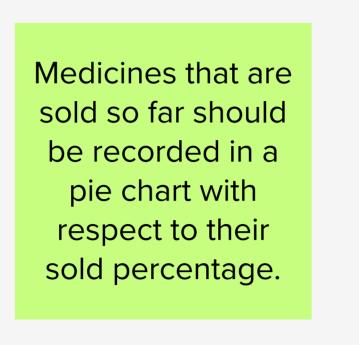

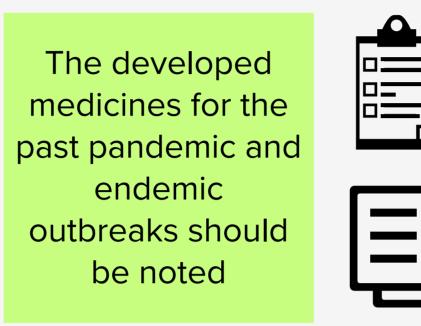

Group ideas

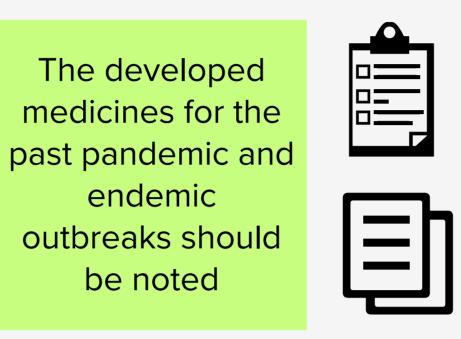

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

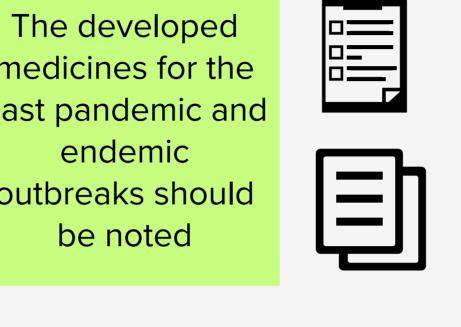

① 20 minutes

To be noted down

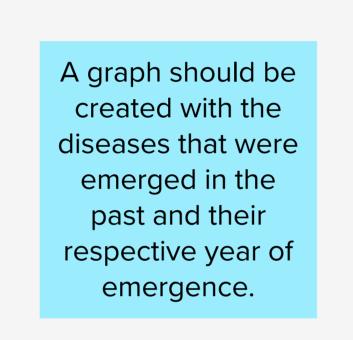

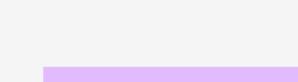

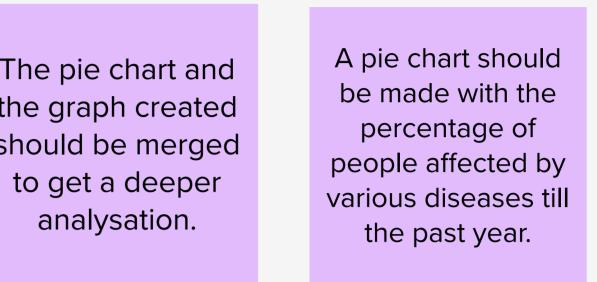

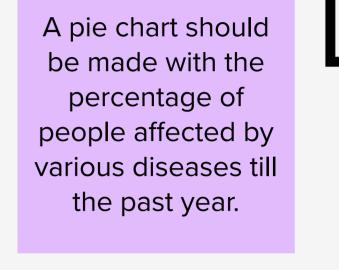

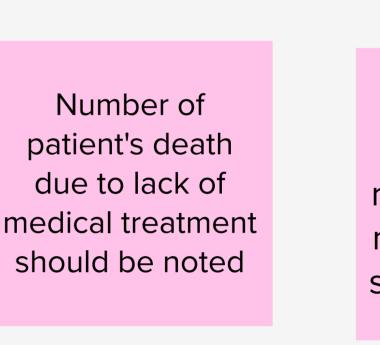

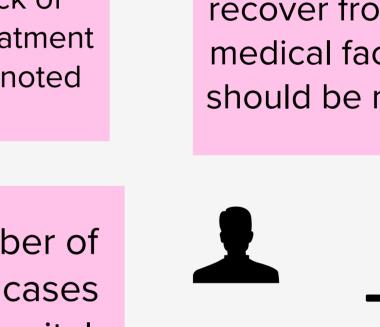

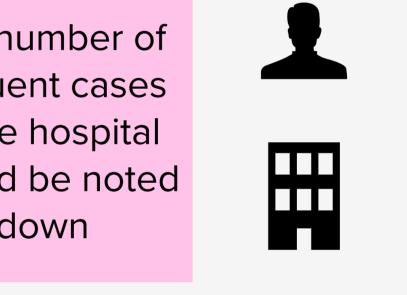

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.
